EXPERIENCE

QA Engineer/Operations Analyst II
AGC Electronics America - Hillsboro, OR 2015-2019

Led and participated in reporting and KPI programs, process improvement projects, customer/vendor management, and several cross-functional improvement initiatives.

- **Developed a BI program from scratch** utilizing Tableau, Qlik Sense, and advanced SQL queries to create actionable executive-level dashboards.
- Effectively applied regression and data analytics to identify problematic processes and products, **saving more than \$2M in lost product over two years.**
- Successfully constructed pareto-style frequency analyses to monitor inefficient product flow, **cutting unnecessary processing by over \$400K.**
- Engineered data automation using Excel VBA and other tools, **eliminating \$450k in redundant overhead cost.**
- Applied SQL knowledge and financial analysis techniques to identify and correct product pricing issues, **adding \$200k in revenue year-over-year.**

Inventory Control Intern
Gamma Therapeutics Summer, 2011

- Developed custom Excel-based tracking software to manage CAPEX, **saving company \$32k.**

EDUCATION

Portland State University
Business Administration - Supply Chain & Logistics Management - 2015

- **Magna Cum Laude.** Business GPA 3.9.
- Expertly led highly a successful capstone business project, empowering a small business to **rebrand and reimagine their business outlook.**
